Regulation Compliance Declaration

REACH

Regulation (EC) 1907/2006

Declaration Date: April 14, 2022

Products Covered: ADB® Heavy Duty Center Pull Hoist Rings, ADB® Safety Engineered Center Pull Hoist Rings, ADB® EZ-Torque Hoist Rings, ADB® Safety Engineered Stainless Steel Center Pull Hoist Rings, & ADB® En-Guard Center Pull Hoist Rings (Exceptions: Yellow Zinc, Cadmium, & Titanium-Cadmium coatings are not REACH compliant)

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals, EC 1907/2006) is the European Union's (EU) chemical substances regulatory framework. REACH requires suppliers to provide their customers with sufficient information on Substances of Very High Concern (SVHC) contained in products in concentrations above 0.1% weight by weight (W/W) to allow safe use of the product.

In compliance with this requirement, ADB® Hoist Rings certifies, to the best of its knowledge, all ADB® Heavy Duty Center Pull Hoist Rings, ADB® Safety Engineered Center Pull Hoist Rings, ADB® EZ-Torque Hoist Rings, ADB® Safety Engineered Stainless Steel Center Pull Hoist Rings, & ADB® En-Guard Center Pull Hoist Rings that it manufactures and supplies, with the exception of yellow zinc, cadmium, and titanium-cadmium coated products, do not contain substances listed on the Candidate List of Substances of Very High Concern, as updated on January 17, 2022, in a concentration above 0.1% weight by weight. ADB® Hoist Rings will continue to monitor materials provided by its suppliers to ensure continued REACH compliance.
